Objectives

Language enrichment

The sessions aim to develop your language skills with a particular focus on speaking and listening, extend your vocabulary, grammatical and functional knowledge, and also to improve your knowledge of pronunciation.

Teaching techniques

In the afternoon sessions, participants will experience a variety of teaching techniques, materials, devices and procedures designed to help students acquire language. There is a focus on current methodologies and practical teaching skills that participants will evaluate for effectiveness and also discuss ways of adapting these to fit in with different teaching contexts.
